Reference list

	1	high speed data transmission interface
	2	data input
5	3	data output
	4	date transmission output pad
	5	data reception input pad
	6	test signal generator
	7	test signal analyzer
10	8	mode control unit
	9	multiplexer
	10	line
	11	transmitter
	12	line
15	13	output driver
	14	line
	15	programmable termination resistor output stage
	16	line
	17	data transmission signal path
20	18	programmable termination resistor input stage
	19	line
	20	line
	21	input driver
	22	line
25	23	receiver
	24	line
	25	data reception signal path
	26	test switching circuit
	27	lines
30	28	lines
	29	configuration register
	30	configuration lines
	31	configuration lines
	32	configuration lines
35	33	mode control lines
	34	demultiplexer
	25	test points

	36	resistor
	37	resistor
	38	transistors
	39	nodes
5	40	terminal
	41	terminal
	42	resistors
	43	resistors
	44	transistors
10	45	resistors
	46	resistors
	47	nodes
	48	nodes
